ANIMAL LOVERS

El diccionario de los animales

A pocket dictionary for young animal lovers
with Spain 🇪🇸 and Argentina 🇦🇷 words

PONCHO Spanish

¡HOLA, AMANTE DE LOS ANIMALES!

Do you love dogs, cats, horses or dolphins? Then you already have the best reason to learn Spanish: talking about the animals you love.

Inside you'll find more than 80 animal words, each with a real example sentence. There are pets, farm animals, wild animals, sea creatures and creepy-crawlies, plus the words you need to look after an animal.

At the end there are activities to check what you remember, and you'll discover what animals 'say' in Spanish. Spoiler: a Spanish dog doesn't say 'woof'!

How to use it

1. **Read the word, then the sentence.** Words stick better when you see them in action.
2. **Say it out loud.** Try it with your pet listening!
3. **Draw it.** Make a poster of your favourite animals with their Spanish names.
4. **Try the activities** without looking back, then check the answers.

Two countries, two words

Spanish is spoken in more than 20 countries, and some animal words change from place to place. When you see two options, the first is common in Spain 🇪🇸 and the second in Argentina 🇦🇷. Both are correct.

la mariquita 🇪🇸 = **la vaquita de San Antonio** 🇦🇷

Boy or girl?

Many animals change their ending: **el gato** (boy cat), **la gata** (girl cat); **el perro**, **la perra**. Some have one word for both: **la jirafa** is always **la**, even if it's a boy giraffe!
