FOODIE DICTIONARY

El diccionario del buen comer

Markets, kitchens, tables and traditional dishes,
with Spain 🇪🇸 and Argentina 🇦🇷 vocabulary

PONCHO Spanish

¡BUEN PROVECHO!

In Spain and Argentina, food is never just food. It is how families gather, how friends catch up and how a long afternoon turns into a memorable one.

This dictionary brings together more than 80 words and expressions for shopping, cooking, tasting and eating out, each with a natural example sentence. You'll also find the classic dishes of both countries and the phrases people use around the table.

It is written for adult learners who love good food, whether you are planning a trip, cooking at home or simply want to order with confidence next time.

How to use it

1. **Read the word, then the sentence.** Context is what makes vocabulary stay.
2. **Cook with it.** Label your ingredients in Spanish or follow a recipe from Spain or Argentina.
3. **Order in Spanish** at your next tapas bar or parrilla, even if it's just one dish.
4. **Finish with the activities** and check your answers at the end.

Two countries, two words

The kitchen is where Spain and Argentina differ most. When you see two options, the first is common in Spain 🇪🇸 and the second in Argentina 🇦🇷. Both are correct.

la patata 🇪🇸 = **la papa** 🇦🇷

Pescado or pez?

Spanish has two words for fish: **el pez** is the animal swimming in the sea and **el pescado** is the fish on your plate. You buy **pescado** at the market, never **peces**, unless you want a pet!
